

# Energy CUBES CHALLENGE

## Class contact's sheet

Class: \_\_\_\_\_

School: \_\_\_\_\_

### HOW TO TALLY YOUR CUBES

1- Each week, class contacts must write down the activities performed by their group during school hours the blue grid. They must then add up the Cubes collected by their class **at school** and enter it in the **blue cube** at the bottom of the grid. 2- Using student logbooks, class contacts must also tally the Cubes collected **at home**. This total must then be entered into the **green cube** under each grid. 3- At the end of each week, the Class contact's calendar must be handed to the school challenge leader so they can enter the school's results on **Planète Cube**.

#### Week 1 APRIL 29 TO MAY 20, 2024

Date	Activity	Number of 15-min. sessions	Number of participants	Number of Energy Cubes
			x	=
